CAREER CONTOUR

I am unwavering, meticulous, and highly competent in the **Printing & Packaging Industry** I have a consistent record of transporting the best results-driven work with a proven ability to implement my work in an organized manner for **22+ years** of my successful career.

My expertise:- **Printing & Packaging Industry – Print Production Management, Pre-Press & Post-Press, Artwork Production, Color Management, Client Relationship Management, Packaging Design, Digital Printing, Offset, Flexo, Gravure Print Process, Graphic Design, Quality Assurance.** I have in-depth knowledge of all ethics of management. I possess effective communication skills and am a team player with strong Organizational, Logical, and Problem-Solving Abilities.

I have great exposure to working with large-scale organizations like **SGK India (APAC), ICMC Corporation.** I have well-versed skills in analysis, problem-solving, and coordination, which make me so successful and dedicated. Strong influencing and negotiation skills coupled with a proven ability to think in and out of the box, generating new solutions.

I have commenced my profession as an **Executive** and risen myself as **Senior Print Production Manager** reputed company. I would like to see myself growing with the passing years of hard work and dedication. I have been awarded many accolades for my result-oriented hard work.

Armed with a multitude of competencies and work experiences, I am confident to carry forward any organization's vision & objectives with sufficient ease and dedication to my job responsibility.

EXPERIENCE

Dec'2019 – Till Date | SGK India (APAC) | As Senior Print Production Manager

Responsibility:-

- Collaborated closely with the Client's Artwork Management Team for streamlined packaging artwork development.
- Provided efficient Brand/Print Quality Management, offering technical insights across multiple print processes from design concept to print.
- Established priorities, developed plans, and managed work schedules for Production and Prepress, ensuring effective resource utilization.
- Conducted detailed job analysis, considering technical production aspects and cost factors. Suggested alterations, especially for critical projects.
- Monitored layout optimization, RMC Reduction, and Design Waste Minimization for operational efficiency.
- Interacted with clients and the Production Department during artwork development, addressing technical issues related

to printing and post-printing.

- Offered technical assistance and timely guidance to Production/Prepress teams.
- Collaborated with customers on new projects, bridging the gap between Customer, Marketing, and Factory for seamless implementation.
- Conducted print feasibility assessments to determine the printer's capability to meet design intent for all pieces of art.
- Proactively led option analyses and worked with printers to reduce the risk of printing issues for new designs.
- Maintained accurate records of property docket, inputs, and relevant information. Regularly updated job allocation register and Work in Progress (WIP) report.
